

AEG HR2/100/1.5A CRT

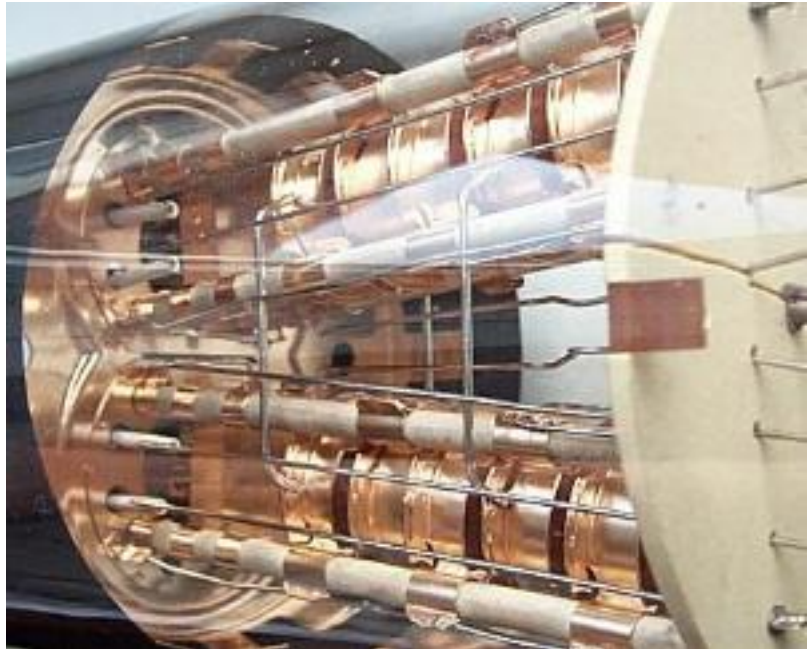

This CRT measures 395x105mm overall and has 18 contacts around the base.

Filament voltage	4V
Filament current	1.2A
First anode voltage	1500V
Second anode voltage	400V
Third anode voltage	320V
Final anode voltage	1.5kV
X-plate sensitivity	0.26mm/V
Y-plate sensitivity	0.24mm/V

This CRT carries the Wehrmacht markings and has two complete electron gun/deflector plate assemblies.
